

## Ready for Spring Cleaning?

Our Lady of the Prairie Retreat (OLPR) is starting a “tool drive” to supply our maintenance workshop.

Todd Seifert, the Property Manager at OLPR states “I am making a plea for tools as a first step in building a solid, functioning maintenance shop.” Todd began in late December 2017 to oversee the day to day functioning of the Prairie, including its maintenance, service contracting, liaison with government agencies and the preservation of Our Lady of the Prairie property.

The Prairie has three separate buildings located far away from each other. In addition to a functioning maintenance workshop, Todd’s vision it that each building will have an essentials tool box.

If you are ready to Spring clean your garage, barn or tool shed, give Todd a call at OLPR (563-374-1092) and arrange with Todd for pick-up.

Todd and The Prairie also welcome your financial donation for tools, which can be made payable to Our Lady of the Prairie Retreat, 2664 145th Ave., Wheatland, IA 52777.

### **SMALL TOOLS**

Hammers

Screwdrivers

Chisels

Pliers

Needle-nose pliers

Adjustable crescent wrenches

Open end wrenches
